HIMANSHI BIRLA

ASSOCIATE MANAGER- DATA ENGINEERING (AZURE CLOUD)

birla.himanshi@gmail.com | 8800377188 | Noida, Uttar Pradesh

PROFESSIONAL OVERVIEW

Result oriented Cloud & Big Data Engineering leader with 15 years of experience delivering scalable data platforms across Financial Services, Healthcare, and Telecom. Specialized in **Azure Databricks, PySpark, Spark SQL, and Data Lakehouse architectures**, with proven success in building high-performance ETL pipelines, fraud detection frameworks, and enterprise data lakes. Adept at leading cross-functional teams (20+ members), driving **CI/CD automation**, and translating complex business requirements into robust, production-ready solutions. Recognized for improving data reliability, reducing processing costs, and accelerating analytics delivery in Agile environments.

CORE COMPETENCIES

- **Cloud Platform** – Azure Databricks, ADLS Gen2, Azure Data Factory, Blob Storage, Delta Lake, Azure SQL Server
- **Big Data & Programming** – Python, PySpark, Hadoop, Hive, Sqoop, Unix Shell Scripting
- **Data Engineering -** ETL, Data Warehousing, Data Modeling, Lakehouse Architecture
- **Databases** - SQL, Oracle
- **DevOps & Scheduling** – GitHub, Jenkins, Light Speed, GitHub Actions, Apache Airflow
- **Methodologies -** Agile/Scrum (SAFe), Stakeholder Management, Team Leadership
- **AI Exposure** – GitHub Copilot, Devin

WORK EXPERIENCE

2021 - Present | **Associate Manger – Technology |** Iris Software Pvt Limited, Noida | **Azure Databricks, PySpark**

- Designed and deployed a scalable **Azure Databricks Lakehouse architecture**, to build complex PySpark ETL pipelines, handling data from various sources to calculate customer's risk score and generate fraud alerts for one of our banking clients and optimized the solution to reduce risk-scoring latency by **30%**.
- Built automated CI/CD deployment pipelines using Azure DevOps for seamless code promotion across Dev, Test, and Prod environments
- Managing Project for a Client with **20+ team** size.
- Leading a scrum team to deliver work in iterations, responsible for the design, implementation and delivering iterative releases under Agile, improving sprint velocity by **25%**.

2020 – 2021 | **Solution Consultant / Tech Lead |** Iris Software Pvt Limited, Noida | **PySpark, ETL**

- Led the Hive-to-PySpark migration for a project, defining migration strategy, prioritizing jobs by complexity, criticality, and reducing ETL job runtime by **35%** and standardizing coding practices.
- Analyzed source systems and process flows, contributing to AML End to End Recon Framework built on Talend, PySpark, and Hive.
- Designed and developed Hive queries for transactional and referential data loading across multiple regions.
- Build PySpark pipelines to flatten fact data, apply business rules, and detect anomalies for the validation team.
- Implemented end-to-end CI/CD onboarding using Bit Bucket, Jenkins, and RLM, and managed job scheduling through Autosys.

2013 – 2020 | **Sr. Developer / Business Analyst |** Optum Global Solutions Pvt Ltd | **Talend, PySpark**

- Delivered the Optum Data Lake (Data Fabric 2.0) migration, developing Talend jobs for multi-source ingestion using Talend Studio 6.3, Hive, HBase, Sqoop.
- Created Hive, Snapshot, ORC, and metadata tables, and built Sqoop-based procedures to move data from RDBMS sources into Data Lake.
- On CCDI & ARO (2013–2016), gathered requirements and built ETL jobs in DataStage 11.3 to convert commercial and non-commercial client data into the standard Optum AFRS format.
- Developed Unix automation scripts, improving process stability and ensuring timely, quality data delivery to downstream consumers.

2011 - 2013 | Software Engineer | IBM – Bharti Airtel **| Oracle PL/SQL**

- Designed and maintained robust Oracle PL/SQL packages, stored procedures to process incoming wireless and wireline CDRs daily.
- Created complex SQL queries and reports to track call drop rates, billing anomalies, and usage trends.

PROFESSIONAL DEVELOPMENTS

- **AML-Investigation Automation** using Agentic AI – An AI Agent that does Anti-money laundering Investigations automatically in a faster, smarter, and more scalable way.
- **Project Management Workshop** by Iris Software Private Limited | 2023

EDUCATION

- 2004-2008 | **Bachelor of Technology (Information Technology) | GLA University, Mathura**
- 2002-2004 | **Senior Secondary School | Mathura**

PERSONAL INFORMATION

- **DOB -** 21st June
- **Languages -** English, Hindi
- **Marital Status -** Married
